EXPERIENCE

Assistant System Engineer

Tata Consultancy Services

Ahmedabad, Gujarat

August 2020 – July 2021

- Worked in SAP Basis
- SAP Authorization Consultant

Research and Development Intern

Indian Institute of Technology, Mandi

Mandi, Himachal Pradesh

December 2019

- Worked on developing a cross-platform mobile application for multimodal identification of bird species from acoustic and visual data
- Technologies used: Flutter, Deep Learning (GANs and CNNs), TensorFlow

EDUCATION

Master of Applied Computer Science

Dalhousie University

Halifax, NS

September 2021 - Present

Bachelor of Computer Engineering

Gujarat Technological University

Surat, Gujarat

August 2016 - August 2020

SKILLS

- Flutter Application Development
- Python, Dart, JavaScript, Java, C++, php, SQL, React.js, Node.js
- Tools: Git, VS Code, Microsoft Visual Studio, PyCharm, Android Studio, LaTeX
- Databases: MySQL, Firebase
- Data Science: Pandas, Numpy, Keras, Tensorflow, OpenCV

PROJECTS

AI-Birdie | Deep learning(Python, TensorFlow, Keras), Flutter, GCP, Firebase

July 2019-20

- Bird detection and recognition from images and audio with personalized dashboard
- Developed cross-platform mobile application and published on Google Play Store
- Worked with REST-API and sensors like mic and camera

Live Time Table | Flutter Framework, Firebase

October 2019

- Time table mobile app that provides real-time subject and faculty information and allows modifications

Traffic Detection | Python, OpenCV

May 2019

- Real-time traffic level measurement from CCTV camera inputs based on the colour amount

Sheets App for business | GoogleScript

March 2019

- Created and maintained Google Sheet App for various business requirements
- Implemented CRUD and merge operations with GUI

CERTIFICATIONS AND TRAININGS

Google Cloud Platform Fundamentals: Core Infrastructure

Online course

Coursera
November 2020

- Google Compute Engine, App Engine
- Google Cloud Platform, Cloud Computing

Flutter Development Certificate

Online course

The App Brewery
April 2020

- The Complete Flutter Development Bootcamp using Dart

Data Science Training

6-weeks online training

Intershala Trainings
June-July 2019

- Introduction to Data Science and Python for Data Science
- Understanding the Statistics for Data Science and Predictive Modeling
- Basics of Machine Learning modules

Python for Data Science

Department of Computer Engineering

SCET, Surat
June 2019

- 3-days workshop sponsored by GUJCOST-DST, Govt. of Gujarat
- Data Manipulation and Data Visualization
- Deep Learning Models for Data Analysis

AWARDS AND ACHIEVEMENTS

Special Jury Award

9th CSI InApp National Student Project Awards

CSI InApp
July 2020

- Awarded 'Special Jury Award' for AI-Birdie project
- Second Runner-up among 650 team entries across India

CryptoHunt

Zonal-level event

SCET, Surat
February 2018

- Secured the first rank in coding competition among 70 teams

Quantum Coding

State-level event

SCET, Surat
September 2017

- First Runner-up in the coding competition

EXTRACURRICULAR ACTIVITIES

- Volunteered in a national seminar by IEEE Signal Processing Society, IEEE Gujarat Section, 2019
- University-Level Techfest Coordinator, 2019
- Participated in State-level 12-hours hackathon, 2018
- College-level Techfest Event Head, 2018
- Volunteered in an NGO for a week, 2017
